Why work at Parex Resources Inc.?

The Parex team is always looking to add top talent to our organization, who share our values and bring capabilities to deliver our business safely and with integrity, aligned with our Environmental Social & Governance (ESG) commitments in the areas where we operate.

Parex Resources is a publicly-traded exploration and production company. With its headquarters in Calgary, Canada, and its operations in Colombia, the company has a 15-year history of delivering shareholder value. Highly profitable, the company possesses a strong balance sheet and is extremely well positioned to continue growing organically.

Parex is grounded in making the right decisions for all stakeholders, employees, the communities where we live and work, and our investors. Be part of an exciting and growing team that is transformative, driven to exceed expectations, and keeps pace with the ever-changing global industry.

How do you fit in?

This 4-month summer term will provide you with professional work experience, build transferable skills, and create an opportunity to learn the practical application of your field of study.

What you will do:

- Perform decline analysis on maturing assets, and liaise with Reservoir Advisor on methodology;
- Work with Area Engineers to analyze analogue fields for purposes of reservoir understanding and field development planning;
- Review previous budget results to better assess future predictions; and
- Collaborate with the Planning team on new software implementation for capital forecasting.

What you must have:

- Completed one to two years in a Petroleum Engineering post-secondary program;
- Strong analytical skills;
- Ability to work well within a team environment, while remaining results focused;
- Basic understanding of petroleum systems is preferred;

- Solid software aptitude is an asset; and
- Additional skills/attributes:
 - Results Oriented – demonstrates a sense of urgency and strong commitment to achieving goals; well-organized and detail-oriented to deliver high quality work under tight deadlines.
 - Adaptable – capable of working and adapting in challenging, fast paced environments and quick to learn new skills.
 - Collaborative – works effectively across the organization to achieve corporate and personal goals.
 - Innovative – champions new ideas; creates an environment that supports innovation and creativity.
 - Problem Solver/Decision Maker – demonstrates excellent problem-solving skills and effectively examines events, issues, problems to generate solutions.
 - Excellent Communication Skills – demonstrates effective interpersonal and communication skills, including verbal and written, and cross-cultural skills.
 - Team Player – shares knowledge, and works effectively within a team environment; enthusiastic, confident and develops strong working relationships quickly; ability to develop trust, respect and teamwork within and outside the organization.
 - Self-Starter & Accountable – ability to work independently and unsupervised, and in collaboration with others, as required, to efficiently achieve work objectives; has a roll-up-your-sleeves attitude toward learning and work.

Where you'll be working:

This position is located in our Corporate Headquarters at 2700 Eighth Ave Place, West Tower in Calgary, Alberta T2P 1G1, Canada.
